

UBÌQUA

CORDLESS LIGHT, LIMITLESS LIFE

UBIQUA

CORDLESS LIGHT, LIMITLESS LIFE

Introducing UBIQUA

The “UBIQUA” brand comes from the Latin word “Ubique” meaning “everywhere”, reflecting the brand’s creative targets by redefining the concept of lighting.

UBIQUA’ s mission: the company has always adhered to the concept of combining design and functionality in its products by continuously investing in new ideas and products. With our Italian style center, located Verona and coordinated by the Italian designer Franco Pagliarini, we introduced a significant innovation in the world of lighting with the use of the recharging base.

Thanks to this invention, people can enjoy greater freedom of movement with their lighting, being able to position lamps in strategic points without worrying about cables and sockets.

With the integration of these technologies of rechargeable batteries, LEDs and recharging bases, they have made it possible to use these types of lamps without the need to constantly connect them to a power source.

This has not only simplified and made the use of these lamps safer, but also contributed to energy savings and reduced environmental impact. We believe this innovation has had a positive impact on people’s daily lives, improving lighting in different contexts, such as the home, outdoor spaces, public spaces, restaurants, hotels, bars and more.

Elstead Lighting UAE

Elstead Lighting UAE is part of the British Company Elstead Lighting Group, established in 1969 and specializes in the manufacture and distribution of decorative lighting. Elstead is renowned for a large range of stylish lighting products which are sold to worldwide customers, lighting beautiful homes and hospitality venues in more than 50 countries. The UAE operation, which incorporates The Ceiling Fan Company as part of its UAE operation, has partnered with the brand Ubiqua to present and sell these unique products exclusively in the UAE.
